

## OPHTHALMOLOGY INTERNSHIP OPPORTUNITY

We are one of the largest and most diverse, independent small animal veterinary referral centres in Europe, with a team of over 170 people. We are a multi-disciplinary practice based in Hertfordshire, UK, with teams of specialists in Neurology, Cardiology, Oncology, Medicine, Ophthalmology, Orthopaedics and Soft Tissue surgery supported by experts in Anaesthesia, Diagnostic Imaging, Physiotherapy, Dermatology as well as a highly-experienced nursing team.

This internship will provide a practical hands-on training experience within Ophthalmology, gaining practical clinical experience and learning from our leading specialists. You will:

- Gain experience in all areas of Ophthalmology.
- Have exposure to a large caseload including dealing with emergencies/case management.
- Have daily interaction with Specialists and experts in Ophthalmology and other disciplines.

You will need current membership of the RCVS, good written and verbal English language skills and some previous clinical experience of ophthalmology cases. A minimum of 6 months' experience working in a general small animal practice in the UK would be desirable.

We offer a salary of £25,000 per annum, support for ongoing professional development, 20 days' annual leave plus public holidays, private healthcare, pension and a friendly, supportive working environment.

Interested? Email a CV and a covering letter to [joinourteam@vetspecialists.co.uk](mailto:joinourteam@vetspecialists.co.uk). Further details about the practice can be found at [www.vetspecialists.co.uk](http://www.vetspecialists.co.uk).

Closing Date: 18<sup>th</sup> August 2017
